

# Twelve Days A John Wells Novel

Yeah, reviewing a ebook **Twelve Days A John Wells Novel** could mount up your close friends listings. This is just one of the solutions for you to be successful. As understood, expertise does not recommend that you have astounding points.

Comprehending as well as treaty even more than extra will present each success. bordering to, the pronouncement as capably as acuteness of this Twelve Days A John Wells Novel can be taken as capably as picked to act.

**The Night Ranger** Alex Berenson 2014-01-28 When four young volunteers in Kenya decide to take a break from working at a Somali refugee camp, they pile into a Land Cruiser for an adventure. But they get more than they bargained for when they are kidnapped. They wake up in a hut, hooded, bound, no food or water. Hostages. John Wells is asked to try to find them, but he does so reluctantly. East Africa isn't his usual playing field. And when he arrives, he finds that the truth behind the kidnappings is far more complex than he imagined. The clock is ticking and the White House is edging closer to an invasion of Somalia. Wells has a unique ability to go undercover and stir things up, but if he can't find the hostages soon, they'll be dead—and the U.S. may be in a war it never should have begun.

*I Am Not A Serial Killer* Dan Wells 2011-08-02 John Wayne Cheever keeps his obsession with serial killers in check by a set of rigid rules that he lives by, hoping to the prevent himself from committing murder, but when a body turns up at a laundromat, must confront a danger outside himself.

*Fahrenheit 451* Ray Bradbury 1968 A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

*In the Days of the Comet* Herbert George Wells 1906

*The Director: A Novel* David Ignatius 2014-06-02 A New York Times Bestseller. “If you think cybercrime and potential worldwide banking meltdown is a fiction, read this sensational thriller.”—Bob Woodward, Politico Graham Weber has been the director of the CIA for less than a week when a Swiss kid in a dirty T-shirt walks into the American consulate in Hamburg and says the agency has been hacked, and he has a list of agents' names to prove it. This is the moment a CIA director most dreads. Like the new world of cyber-espionage from which it's drawn, The Director is a maze of double dealing, about a world where everything is written in zeroes and ones—and nothing can be trusted.

*The Ghost War* Alex Berenson 2009-01-27 Another thrilling adventure featuring John Wells, the deep cover CIA operative from the #1 New York Times bestselling author of The Faithful Spy and The Deceivers. John Wells barely survived his homecoming when it was thought he'd become too close to the terrorists. Though his wounds have healed, his mind is far from clear. He needs to get back in the fight. And there is a fight waiting for him. A power play in China is causing chaos around the globe. And even as Wells does what he does best, a mole within the CIA is preparing to light the final fuse that will propel an unsuspecting world toward open war and annihilation. And this time, there may be nothing John Wells can do to stop it...

*The Secret Soldier* Alex Berenson 2015-01-06 John Wells may have left the CIA, but he hasn't left the high-stakes world of espionage, where hidden battles determine the fate of nations. In Saudi Arabia, King Abdullah is losing his hold. A series of terrorist attacks has put the Kingdom on edge, and even Abdullah's own secret police cannot be trusted. With nowhere to turn, the King asks for Wells's help. Reluctantly, and with the secret blessing of his former CIA boss, Wells agrees. But as he begins to unravel the conspiracy, it takes an unexpected twist, becoming more dangerous than Wells ever imagined. The plotters want more than the fall of a monarch. They want to start the final battle between America and Islam--with only themselves as the victor...

*The Silent Man* Alex Berenson 2009-02-10 A novel of international intrigue and catastrophic terrorism from the #1 New York Times bestselling author of The Ghost War and The Faithful Spy. For CIA operative John Wells, the underworld has become more real than the real world. He's spent years in the close company of evil men. And he's paid the price in every possible way. Now, he's on the ragged edge of burnout. His nights are plagued by twisted dreams. He's beginning to doubt if he can ever live a normal life—and he's right to think so. When a power adversary from Wells's past finds him, he must once again enter the fray. For his country. For his soul. For revenge....

**The Luminaries** Eleanor Catton 2013-10-15 The winner of the Man Booker Prize, this "expertly written, perfectly constructed" bestseller (The Guardian) is now a Starz miniseries. It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, The Luminaries is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

**The Man from the Future** Ananyo Bhattacharya 2021-10-07 A FINANCIAL TIMES AND TLS BOOK OF THE YEAR An exhilarating new biography of John von Neumann: the lost genius who invented our world 'A sparkling book, with an intoxicating mix of pen-portraits and grand historical narrative. Above all it fizzes with a dizzying mix of deliciously vital ideas. . . A staggering achievement' Tim Harford The smartphones in our pockets and computers like brains. The vagaries of game theory and evolutionary biology. Self-replicating moon bases and nuclear weapons. All bear the fingerprints of one remarkable man: John von Neumann. Born in Budapest at the turn of the century, von Neumann is one of the most influential scientists to have ever lived. His colleagues believed he had the fastest brain on the planet - bar none. He was instrumental in the Manhattan Project and helped formulate the bedrock of Cold War geopolitics and modern economic theory. He created the first ever programmable digital computer. He prophesied the potential of nanotechnology and, from his deathbed, expounded on the limits of brains and computers - and how they might be overcome. Taking us on an astonishing journey, Ananyo Bhattacharya explores how a combination of a genius and unique historical circumstance allowed a single man to sweep through so many different fields of science, sparking revolutions wherever he went. Insightful and illuminating, The Man from the Future is a thrilling intellectual biography of the visionary thinker who shaped our century.

**The Wolves** Alex Berenson 2016 The latest thriller from the New York Times-bestselling author of Twelve Days, Alex Berenson. John Wells has just barely managed to stop an operation designed to drive the United States and Iran into war, but the instigator himself disappeared behind an impenetrable war of security. Now it's time for him to pay, and Wells has made it his personal mission. There are plenty of crosscurrents at work, though. The White House doesn't want anybody stirring the pot; his old CIA bosses have their own agendas; other countries are starting to sniff around, sensing something unusual. It is when Russia and China enter the mix, however, that the whole affair is set to combust. With alarming speed, Wells is once again on his own . . . and the wolves are closing in.From the Hardcover edition.

**The Counterfeit Agent** Alex Berenson 2014-02-11 “Berenson’s strength is his deep understanding of geopolitics and of the shoddy compromises it demands. He clearly has excellent contacts in the world of shadows. Wells is a complex and satisfying protagonist, tackling bad guys across the world’s conflict zones.”--The New York Times Book Review John Wells goes undercover as the threat of nuclear war skyrockets between the United States and Iran, in the cutting-edge new novel from the #1 New York Times–bestselling author. In an Istanbul hotel, a deep source warns a CIA agent that Iran intends to kill a CIA station chief. Quickly, John Wells is called in to investigate, but before he

can get far, the tip comes true. Which means that the next warning the source gives will be taken very seriously indeed. And it’s a big one. We’ve put a package on a ship from Dubai to the United States. A radioactive one. A bomb? Not yet. It’s a test run. As the threat level jumps and the government mobilizes, something still doesn’t smell right to Wells’s old CIA boss Ellis Shafer, and so he sends Wells on a private mission to find out what’s going on. But the two of them are swimming against the tide. From Guatemala to Thailand to Hong Kong to Istanbul, Wells uses every skill he has, including his ability to go undercover in the Arab world, to chase down leads. But it might not be enough. Soon there might be nothing anyone can do to pull the United States back from the brink of war.

**The Trapdoor** Andrew Klavan 2011-11-15 A reporter must overcome personal tragedy to cover a grisly assignmentThe Dellacroce trial should be John Wells’s biggest triumph. After years of hounding the mob boss, the New York Star reporter has finally brought enough evidence to light that the city can’t help but prosecute. Just when Wells is about to dive into courtroom reporting, his editor pulls him off the story, dumping him on a human-interest fluff piece. The young girls of Grant County are killing themselves in droves, and Wells’s editor wants to know why these teenagers keep putting their necks in nooses. It’s a tedious assignment, but the normally combative reporter doesn’t protest. He knows how it feels to lose a child to suicide. Wells chases the story in Grant County even as the hanging deaths rake up memories of his troubled daughter’s death. When the suicides begin to look like murder, Wells’s reporting puts his own neck on the line.

**The Day of the Triffids** John Wyndham 2022-04-19 The influential masterpiece of one of the twentieth century’s most brilliant—and neglected—science fiction and horror writers, whom Stephen King called “the best writer of science fiction that England has ever produced.” “[Wyndham] avoids easy allegories and instead questions the relative values of the civilisation that has been lost, the literally blind terror of humanity in the face of dominant nature. . . . Frightening and powerful, Wyndham’s vision remains an important allegory and a gripping story.”—The Guardian What if a meteor shower left most of the world blind—and humanity at the mercy of mysterious carnivorous plants? Bill Masen undergoes eye surgery and awakes the next morning in his hospital bed to find civilization collapsing. Wandering the city, he quickly realizes that surviving in this strange new world requires evading strangers and the seven-foot-tall plants known as triffids—plants that can walk and can kill a man with one quick lash of their poisonous stingers.

**Pandemia** Alex Berenson 2021-11-30 The most important fact about the coronavirus pandemic that turned the world upside down in 2020 is that our response to it has been an epic overreaction driven by a disastrous confluence of public and private interests—all of them purporting to “follow the science.” Since the lockdowns began, millions of Americans have relied on the reporting of Alex Berenson. Exposing the hysteria and manipulation behind the worst failure of public policy since World War I, this clear-eyed journalist has been a critical source of reason and truth. The product of relentless investigation and research, Pandemia explains how an illness that many people will never even know they had became the occasion for economically ruinous lockdowns and the suppression of personal freedom on a previously unimaginable scale. Dispassionate, factual, and untainted by any agenda other than telling the truth, this is the account that pandemic-weary Americans desperately need.

**The Wolves** Alex Berenson 2017-01-31 CIA agent John Wells refuses to let a privileged businessman walk away from a crime in this novel of modern suspense from the #1 New York Times-bestselling author. John Wells has just barely managed to stop an operation designed to drive the United States and Iran into war, but the instigator himself disappeared behind an impenetrable war of security. Now it’s time for him to pay, and Wells has made it his personal mission. There are plenty of crosscurrents at work, though. The White House doesn’t want anybody stirring the pot; his old CIA bosses have their own agendas; other countries are starting to sniff around, sensing something unusual. It is when Russia and China enter the mix, however, that the whole affair is set to combust. With alarming speed, Wells is once again on his own...and the wolves are closing in.

*Maid* Stephanie Land 2019-01-22 NEW YORK TIMES BESTSELLER AND INSPIRATION FOR THE NETFLIX LIMITED SERIES, HAILED BY ROLLING STONE AS "A GREAT ONE." "A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work." -PRESIDENT BARACK OBAMA, Obama's Summer Reading List At 28, Stephanie Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. Maid is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a "nameless ghost" who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. Maid is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit.

*Hurts So Good* Leigh Cowart 2021-09-14 An exploration of why people all over the world love to engage in pain on purpose--from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they’re an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

**The Prisoner** Alex Berenson 2018-01-02 To unmask a CIA mole, John Wells must resume his old undercover identity as an al Qaeda jihadi—and hope he can survive it—in this cutting-edge novel from #1 New York Times-bestselling author Alex Berenson. It is the most dangerous mission of John Wells’s career... Evidence is mounting that someone high up in the CIA is doing the unthinkable—passing messages to ISIS, alerting them to planned operations. Finding out the mole’s identity without alerting him, however, will be very hard, and to accomplish it, Wells will have to do something he thought he’d left behind forever. He will have to reassume his former identity as an al Qaeda jihadi, get captured, and go undercover to befriend an ISIS prisoner in a secret Bulgarian prison. Many years before, Wells was the only American agent ever to penetrate al Qaeda, but times have changed drastically. The terrorist organizations have multiplied: gotten bigger,

crueler, more ambitious and powerful. Wells knows it may well be his death sentence. But there is no one else.

**The Story of Silver** William L. Silber 2021-01-12 How silver influenced two hundred years of world history, and why it matters today This is the story of silver’s transformation from soft money during the nineteenth century to hard asset today, and how manipulations of the white metal by American president Franklin D. Roosevelt during the 1930s and by the richest man in the world, Texas oil baron Nelson Bunker Hunt, during the 1970s altered the course of American and world history. Silver has been the preferred shelter against government defaults, political instability, and inflation for most people in the world because it is cheaper than gold. The white metal has been the place to hide when conventional investments sour, but it has also seduced sophisticated investors throughout the ages like a siren. This book explains how powerful figures, up to and including Warren Buffett, have come under silver’s thrall, and how its history guides economic and political decisions in the twenty-first century.

**The Scarred Man** Andrew Klavan 2012-04-17 A ghost story forces a man to confront the darkest secret of his past Christmas is lonely for a man with no family, and Mike North is grateful when his boss invites him to spend the holiday at his cabin upstate. But as a blizzard descends and conversation dries up, Mike regrets leaving New York City. Only the arrival of Susannah, his boss’s daughter, saves him from going mad with boredom. She is quick-witted and beautiful, a perfect antidote to snow-bound tedium, and he begins to fall in love. For Christmas night entertainment, Mike invents a ghost story. It goes all right until Susannah starts to scream. Something in his half-baked melodrama about a Chicago serial killer haunted by a man with a scarred face has touched a nerve. Unknowingly, Mike described a scene that matches Susannah’s nightmares. Soon, what had been a dream begins to intrude into reality. To understand her terror, Mike digs into his own memory, hoping to unearth the secret that gave birth to the scarred man.

**The Shadow Patrol** Alex Berenson 2015-12 Undercover operative John Wells investigates a possible Taliban infiltration of the CIA's Kabul Station.

**A Spy by Nature** Charles Cumming 2008-11-11 Young, smart, and ambitious, Alec Milius is delighted when a chance encounter brings him to the attention of MI6 and into a dream career with a British oil company, a job that leads him into the dark world of industrial espionage, trapped in a life of deception as he becomes caught between MI6 and the CIA and discovers that information can come at the cost of a human life. A first novel. Reprint. 30,000 first printing.

**No Country for Old Men** Cormac McCarthy 2007-11-29 This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. *No Country for Old Men* is a triumph.

**Old Flames** John Lawton 2012-02-07 In April 1956, at the height of the Cold War, Khrushchev and Bulganin, leaders of the Soviet Union, are in Britain on an official visit. Chief Inspector Troy of Scotland Yard is assigned to be Khrushchev’s bodyguard and to spy on him. Soon after, a Royal Navy diver is found dead and mutilated beyond recognition in Portsmouth Harbor. Troy embarks on an investigation that takes him to the rotten heart of MI6, to the distant days of his childhood, and into the dangerous arms of an old flame. Brilliantly evoking the intrigue of the Cold War and 1950’s London, *Old Flames* is a thrilling adventure of intrigue and suspense.

**Atlas Shrugged** Ayn Rand 2005-04-21 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand’s magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America’s best-loved novels by PBS’s *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand’s most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century’s leading artists.

**Twelve Years a Slave** Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

**The Snowman** Raymond Briggs 2013-10-22 Based on Raymond Briggs's classic, this beautiful illustrated Step into Reading book describes the exciting things that happen to James and his magical snowman.

**Believers** Lisa Wells 2021-07-20 "An essential document of our time." —Charles D’Ambrosio, author of *Loitering In search of answers and action*, the award-winning poet and essayist Lisa Wells brings us *Believers*, introducing trailblazers and outliers from across the globe who have found radically new ways to live and reconnect to the Earth in the face of climate change We find ourselves at the end of the world. How, then, shall we live? Like most of us, Lisa Wells has spent years overwhelmed by increasingly urgent news of climate change on an apocalyptic scale. She did not need to be convinced of the stakes, but she could not find practical answers. She embarked on a pilgrimage, seeking wisdom and paths to action from outliers and visionaries, pragmatists and iconoclasts. *Believers* tracks through the lives of these people who are dedicated to repairing the earth and seemingly undaunted by the task ahead. Wells meets an itinerant gardener and misanthrope leading a group of nomadic activists in rewilding the American desert. She finds a group of environmentalist Christians practicing “watershed discipleship” in New Mexico and another group in Philadelphia turning the tools of violence into tools of farming—guns into ploughshares. She watches the world’s greatest tracker teach others how to read a trail, and visits botanists who are restoring land overrun by invasive species and destructive humans. She talks with survivors of catastrophic wildfires in California as they try to rebuild in ways that acknowledge the fires will come again. Through empathic, critical portraits, Wells shows that these trailblazers are not so far beyond the rest of us. They have had the same realization, have accepted that we are living through a global catastrophe, but are trying to answer the next question: How do you make a life at the end of the world? Through this miraculous commingling of acceptance and activism, this focus on seeing clearly and moving forward, Wells is able to take the devastating news facing us all, every day, and inject a possibility of real hope. *Believers* demands transformation. It will change how you think about your own actions, about how you can still make an impact, and about how we might yet reckon with our inheritance.

**The War of the Worlds** H. G. Wells 2017-01-01 When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

**The Island of Sheep** John Buchan 2001-01-01 The last in the Richard Hannay adventures sees Hannay caught up in more dangerous escapades. Valdemar Haraldsen is in trouble. Two men come to the rescue while a third agrees to help because of his sheer hatred of villains.

**The Power Couple** Alex Berenson 2021-02-09 From #1 New York Times bestselling author and Edgar Award winner Alex Berenson comes a supercharged thriller about marriage and the dangerous secrets spouses keep. Rebecca and Brian Unsworth appear to have it all. A nice house in the suburbs of Washington, DC. Two well-behaved, healthy teenage children. Important government jobs—Rebecca working in counterterrorism for the Federal Bureau of Investigation, Brian serving as a coder for the National Security Agency. Their lives stand to improve even more as Brian, in his off-hours, has just developed and sold a highly profitable app. However, the Unsworths’ marriage isn’t as perfect as it seems. After two decades together, they’ve drifted apart, talking little and having sex even less. Seeking to revive their strained relationship, they decide for their twentieth wedding anniversary to take their two kids, Kira and Tony, on a European getaway. They have a blast...until one night in Barcelona when Kira doesn’t come home from a dance club. She’s gone. Abducted. Over the course of a single weekend, the Unsworths will do everything possible to find her—as Kira herself discovers just how far she’ll go to break free of the trap that’s been set for her. And even as Rebecca and Brian come together for Kira, they realize their marriage is more tenuous than they realized. The Power Couple is both a fast-paced, globe-trotting espionage novel full of surprising twists and a nuanced look at modern marriage—the challenges of balancing career, parenthood, sex, and love.

**The Deceivers** Alex Berenson 2019-02-05 THE NEW YORK TIMES BESTSELLER Interfering with the presidential election was just the first step. The Russians don’t just want to influence American elections--they want it all. Former CIA agent John Wells confronts a plot of astonishing audacity as New York Times-bestselling author Alex Berenson goes beyond today’s headlines to tomorrow’s all-too-real threats. It was supposed to be a terrorist sting. The guns were supposed to be disabled. Then why was there so much blood? The target was the American Airlines Center, the home of the Dallas Mavericks. The FBI had told Ahmed Shakir that his drug bust would go away if he helped them, and they’d supply all the weaponry, carefully removing the firing pins before the main event. It never occurred to Ahmed to doubt them, until it was too late. When John Wells is called to Washington, he's sure it's to investigate the carnage in Dallas, but it isn't. The former CIA director, now president, Vinnie Duto has plenty of people working in Texas. He wants Wells to go to Colombia. An old asset there has information to share--and it will lead Wells to the deadliest mission of his life, an extraordinary confluence of sleeper cells, sniper teams, false flag operations, double agents high in the U.S. government--and a Russian plot to take over the government itself. If it succeeds, what happened in Texas will be only a prelude.

**The Tyranny of Metrics** Jerry Z. Muller 2019-04-30 How the obsession with quantifying human performance threatens business, medicine, education, government—and the quality of our lives Today, organizations of all kinds are ruled by the belief that the path to success is quantifying human performance, publicizing the results, and dividing up the rewards based on the numbers. But in our zeal to instill the evaluation process with scientific rigor, we’ve gone from measuring performance to fixating on measuring itself—and this tyranny of metrics now threatens the quality of our organizations and lives. In this brief, accessible, and powerful book, Jerry Muller uncovers the damage metrics are causing and shows how we can begin to fix the problem. Filled with examples from business, medicine, education, government, and other fields, the book explains why paying for measured performance doesn’t work, why surgical scorecards may increase deaths, and much more. But Muller also shows that, when used as a complement to judgment based on personal experience, metrics can be beneficial, and he includes an invaluable checklist of when and how to use them. The result is an essential corrective to a harmful trend that increasingly affects us all.

**Twelve Days** Alex Berenson 2016-01-26 New York Times-bestselling author Alex Berenson is back with another gripping tale. John Wells, with his former CIA bosses Ellis Shafer and Vinny Duto, have uncovered a staggering plot, a false-flag operation to drive the United States and Iran into war. But they have no proof and only twelve days to find a way to stop the headlong momentum. They fan out, from Switzerland to Saudi Arabia, Israel to Russia, desperately trying to tease out the clues in their possession. And meanwhile, the forces gather.

**The Kidnapping Club** Jonathan Daniel Wells 2020-10-20 In a rapidly changing New York, two forces battled for the city’s soul: the pro-slavery New Yorkers who kept the illegal slave trade alive and well, and the abolitionists fighting for freedom. We often think of slavery as a southern phenomenon, far removed from the booming cities of the North. But even though slavery had been outlawed in Gotham by the 1830s, Black New Yorkers were not safe. Not only was the city built on the backs of slaves; it was essential in keeping slavery and the slave trade alive. In *The Kidnapping Club*, historian Jonathan Daniel Wells tells the story of the powerful network of judges, lawyers, and police officers who circumvented anti-slavery laws by sanctioning the kidnapping of free and fugitive African Americans. Nicknamed "The New York Kidnapping Club," the group had the tacit support of institutions from Wall Street to Tammany Hall whose wealth depended on the Southern slave and cotton trade. But a small cohort of abolitionists, including Black journalist David Ruggles, organized tirelessly for the rights of Black New Yorkers, often risking their lives in the process. Taking readers into the bustling streets and ports of America's great Northern metropolis, *The Kidnapping Club* is a dramatic account of the ties between slavery and capitalism, the deeply corrupt roots of policing, and the strength of Black activism.

**The Faithful Spy** Alex Berenson 2006-04-25 “A well-crafted page-turner that addresses the most important issue of our time. It will keep you reading well into the night.”—Vince Flynn A New York Times reporter has drawn upon his experience covering the occupation in Iraq to write the most gripping and chillingly plausible thriller of the post-9/11 era. Alex Berenson’s debut novel of suspense, *The Faithful Spy*, is a sharp, explosive story that takes readers inside the war on terror as fiction has never done before. John Wells is the only American CIA agent ever to penetrate al Qaeda. Since before the attacks in 2001, Wells has been hiding in the mountains of Pakistan, biding his time, building his cover. Now, on the orders of Omar Khadri—the malicious mastermind plotting more al Qaeda strikes on America—Wells is coming home. Neither Khadri nor Jennifer Exley, Wells’s superior at Langley, knows quite what to expect. For Wells has changed during his years in the mountains. He has become a Muslim. He finds the United States decadent and shallow. Yet he hates al Qaeda and the way it uses Islam to justify its murderous assaults on innocents. He is a man alone, and the CIA—still reeling from its failure to predict 9/11 or find weapons of mass destruction in Iraq—does not know whether to trust him. Among his handlers at Langley, only Exley believes in him, and even she sometimes wonders. And so the agency freezes Wells out, preferring to rely on high-tech means for gathering intelligence. But as that strategy fails and Khadri moves closer to unleashing the most devastating terrorist attack in history, Wells and Exley must somehow find a way to stop him, with or without the government’s consent. From secret American military bases where suspects are held and “interrogated” to basement laboratories where al Qaeda’s scientists grow the deadliest of biological weapons, *The Faithful Spy* is a riveting and cautionary tale, as affecting in its personal stories as it is sophisticated in its political details. The first spy thriller to grapple squarely with the complexities and terrors of today’s world, this is a uniquely exciting and unnerving novel by an author who truly knows his territory.

**The First Book of Moses, Called Genesis** 1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

**Losing Earth** Nathaniel Rich 2020-03-05 By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed.Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a journalistic blockbuster, a full issue of the New York Times Magazine that has earned favorable comparisons to Rachel Carson's *Silent Spring* and John Hersey's *Hiroshima*. Rich has

become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation. In the book *Losing Earth*, Rich is able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us in 2019. It is not just an

agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.

**The Midnight House** Alex Berenson 2012-12-04 Summoned to Langley in the aftermath of two murders, CIA agent John Wells learns that the victims were part of a secret interrogation team that used brutal methods to break tough jihadis, a case with ties to unexpected places.
